5. Initiative to set up Southeast Asia Kickboxing Federation

Date: December 2019 onwards

After completion of the 2019 SEA Games, several countries sat together and identified the need to develop Kickboxing on a closer level, not just at Asian level (which Mr Nassiri focuses on solely).

The geographical boundaries of the Asian region is unique. With Mr Nassiri focusing on Kickboxing activities on Central Asia (countries such as Kyrgyzstan, Iran, Turkmenistan), it is extremely costly to participate in any kickboxing activity (competitions & seminar).

Flights alone can cost up to \$2,000 and the total cost can come up to \$3,000 per person. Many of the Southeast Asian countries do not have such spending power. Having zero competition exposure and minimal experience, this further limits the potential of growth for athlete and ultimately the entire federation.

We (Singapore) proposed to set up a **Southeast Asian Kickboxing Federation** which can independently run and collaborate with WAKO Asia in its activities.

These are the countries who will support this initiative;

1. Singapore (as the headquarters)
2. Indonesia
3. Philippines
4. Cambodia
5. Laos
6. Thailand

WAKO is established in 8 Southeast Asian countries (Timor-Leste, Myanmar and Brunei are not members yet).

With 6 out of 8 countries supporting this initiative, it will indeed be a great opportunity to accelerate the development of the sport in all countries involved.

We (Singapore) will spearhead this initiative and will set up the federation supported by WAKO IF or Sport Singapore.
