During World or other international championships, each bout in a ring must be supervised by a WAKO international acknowledged Supervisor of the Ring, especially appointed by International Referee Committee.

Each bout is graded by three International Judges. The three WAKO Judges will be seated away from the spectators and close to the ring. Each of the three Judges must be seated in the middle of three respective sides of the ring.

WAKO judges/referees must attend the pre agreed WAKO referee international seminars before they will be allowed to officiate in a WAKO World or Continental Championships that year. (Irish Open WAKO World Cup Italy – Austrian Classic) Their referees license/card must be renewed every two years.

To ensure neutrality, the Referees and the three Judges for each bout will be chosen by the Chief of the Ring on duty in that ring, according to the following rules:

- Each official will come from a country and Federation different from that of the others and from that of the fighters.
- In no way may two of the Officials of the same bout come from the same country, unless it is due to the uncontrollable event.
- An official may not be born or live in a country which is a dominion, colony or in any way dependent of the country of either Kickboxer taking part in the bout.
- In the case of an official having changed nationality, he will not officiate in a bout where one of the fighters or other officiating Judges comes from his native country.
- In the case of the Chief of the Ring not being able to apply the above-mentioned directives due to special circumstances, it will find a solution which will ensure neutrality and impartiality of appointed officials, followed by a prompt report to the International Referee Committee.
- In the case of the Chief of the Ring not being able, for any reason, to apply the preceding directives, the name or names of the Official or Officials will be chosen by drawing lots, by the Chairman of the International Referee Committee, or any other person on his behalf, for the bout in question.

WAKO Rules of Ring Sports – General Rule

- Persons in charge of refereeing or judging of a bout, or a series of bouts, will not at any moment of the bout or bouts be allowed to act as a manager, trainer, coach or second of a kickboxer or team of kickboxer taking part in a bout; or to act as an official in a match in which a fighter from his country participates.
- The International Referee Committee or its official representatives, to comply with the request of the jury, temporarily or permanently can suspend from his functions any Referee who, in their opinion, does not respect WAKO regulations; or any Judge whose marks are not considered satisfactory.
- Should the Referee be inadequate in the course of a bout, the Chief of the Ring will hold him back and stop the match. The Referee next on the WAKO international list of neutral referees will receive the necessary instructions to direct and officiate during the rest of the bout. A Referee will officiate in the ring. He will wear a WAKO uniform (navy blue jacket with emblem of WAKO or NF, white WAKO shirt with short sleeves, WAKO bow tie, black trousers without turn-up, dark blue or black socks, black gym shoes without heels and laces).

Art. 1.5 Referee.

- Check the safety equipment and clothes of the fighters (unless differently decided by Tournament Committee)
- Make sure that a weakened kickboxer does not suffer unjust and unnecessary blows.
- Make sure that the rules of fair play are strictly observed.
- Supervise the whole of the bout.
- At the end of a bout, gather and check the score sheets of the three Judges (If applicable).
- After verification, he must hand them to the Chief of the Ring. He may also announce the winner by electronic scoring.

Art. 1.6 Referee Commands.

At the beginning of the match the Referee gives an order to kickboxer to shake hands and then he says "FIGHT". If the Referee wants to stop the time of the bout he gives an order "STOP TIME" and to resume the fight he gives an order "TIME" and command "FIGHT".

- STOP when he orders Kickboxer to stop fighting.
- BREAK to break a body to body position, after which each boxer must draw back without kicking or punching before continuing the fight.
- FIGHT when he orders the fight to continue.

The Referee must not announce the winner by raising the kickboxer's arms or in any other way announce decisions before the official announcement of the winner. If a Referee (after having so decided by majority decision with the three Judges) disqualifies a Kickboxer or stops the fight, he must first indicate to the Chief of the Ring the kickboxer who has been disqualified and give the reasons for stopping the fight, so that the Chief of the Ring can inform the announcer, who will then, make a public announcement.

In order not to disturb a close fight, the Referee should not stand in the way or break in too early. He must indicate to the kickboxer, by appropriate signs or gestures, any violation of the Regulations.

Art. 1.7 Referees power.

The Referee has the power to:

- Stop a fight at any moment if he finds it too one-sided due to health and Safety reasons.
- Stop a fight at any moment if one of the Kickboxer has received an unauthorized blow or is wounded, or if he considers a fighter unable to continue.
- Stop a fight at any moment if he finds the fighters behaving "unsportsmanlike". In such a case, he may disqualify either kickboxer or both.

WAKO Rules of Ring Sports – General Rule

- Warn a kickboxer or stop the bout and give a minus point or warning to a kickboxer for an offence.
- Disqualify a coach or a second who has broken the regulations or a kickboxer himself if the coach or the second fails to obey to his orders.
- Disqualify, with or without a warning, a fighter who has committed an offence.
- In the case of a KO, suspend the count if a kickboxer deliberately refuses to withdraw to a neutral corner, or is reluctant to do so.
- Interpret the rules as long as they are applicable or compatible with the fight taking place,

If a kickboxer breaks the rules but does not necessarily deserve a disqualification, the Referee must stop the fight and give a warning to the Kickboxer of a foul. Before the warning, the Referee must order the kickboxer to stop fighting. The warning must be given clearly, so that the kickboxer understands the reason and cause of the penalty.

The Referee must hand signal to each Judge (when clickers are used) and to Chief Referee of the Ring and Timekeeper (when the electronic system is used) that a particular warning has been given and clearly show which kickboxer has been punished. After having given the warning, the Referee orders the kickboxer to fight. If a fighter has been given 4 official warnings within the same bout, he is disqualified.

A Referee may give a caution to a kickboxer. A caution means a warning given by a Referee to a kickboxer for breaking a rule. In order to do this he doesn't need to stop the fight, and may reprimand the kickboxer during the fight verbally.

Art. 1.8 Health and security.

- The Referee in ring-sports must use plastic gloves and must change them after every fight in which blood has occurred.

Art. 2. Judges.

Each Judge must independently consider the merits of the two fighters, and must chose the winner, according to the regulations.

During the match, he will not talk to fighter, other Judges, or anybody else, with the exception of the Referee. He may, if necessary, at the end of a round, notify the Referee about any incident that he has missed, for example tell him about the misbehavior of a second, loose ropes, etc.

A Judge will either use the electronic scoring system or in case of manual system mark the number of points (Total Points at the bend of three rounds) granted to each fighter on his score sheet.

WAKO Rules of Ring Sports – General Rule

During the round the Judge will use the back of the scorecard to register the numbers of hits he sees in each round.
