Definition

Points Fighting is a fighting discipline where two fighters fight with the primary goal of scoring Defined points/ using controlled legal Techniques with speed agility and focus. The main characteristic of points fighting is delivery, technique and speed. The competition in points fighting should be executed in its true sense with well-controlled contact. It is a technical discipline with equal emphasis put on hand and foot techniques, from an athletic viewpoint. Techniques (punches and kicks) are strictly controlled. At each valid point (point that is given, with legal part of hand or foot to legal targets and with legal technique), the central referee halts the fight and at the same time as the two judges, shows with his/her fingers the number of points in the direction of the fighter who is being awarded the point or points.

Fighting Rules

Fighters will enter the Tatami and touch gloves. They will then step back and assume a fighting stance and wait for the command FIGHT from the Referee.

The Referee will initiate the fight by commanding fight, when the referee calls STOP, the fighters must return to their starting points on the mat.

The time will only be stopped on the command of the Referee, by calling TIME to the area control table. Time is not stopped to award points or penalties unless the Referee feels it is necessary to do so.

The Referee must stop the time when giving a warning or official warning or point of clarification.

If the Referee wants to stop the time, they give the order "Stop Time", to resume the fight they give the order "Time" and command "Fight".

Fighters may have one Coach and one Second in their corner during the match. Both must remain in the Coaches Box throughout the match in their seats.

Coaches Behaviour

A Coach / Second must remain seated during the contest,

A Coach / Second must not comment on a referee or judge's decision at anytime during the match

The coaches must remain seated at all times on their chair provided and must not interfere or disrupt with the smooth running of the match by word, gesture or deed.

A Coach / Second must adhere to all WAKO rules and Ethiccate

No coach will be allowed to enter the fighting area while a match is in progress and no Coach will be allowed to interfere with any referee or judge. No Coach will be allowed to make derogatory remarks about a referee or judge or comment on a score given or not given. A Coach may be removed from his coaching position during the match if he continues to abuse officials or referees. All official warnings given to coaches are deemed applicable and count towards the fighter's warnings.

Only the Referee may ask for time to be stopped. A fighter may request the clock to be stopped to adjust Safety Equipment or check an injury. The Referee does not have to stop the clock if he feels it will take away the advantage from the other Fighter. Time-stops must be kept to a minimum.

If the Referee feels a Fighter is using time-stops to rest or to prevent his opponent from scoring, a warning will be given and the Fighter may be following discussion with judges, disqualified for delaying the match or refusing to fight.

The Referee has the right to give an official warning to the kickboxer who is not ready for the fight or is late coming to the Tatami, If a kick-boxer comes to the Ring or Tatami inappropriately dressed (If the Head Guard or gloves are the wrong colour or using safety equipment which is not approved by WAKO, using shorts with Muay Thai symbols / Logos, without wraps or mouth-guard) he / she will not be disqualified immediately; instead they will be given 2 minutes to remedy matters.

If the allowed time is up and the kickboxer is not ready, he / she will be disqualified.

Art. 5. Scoring Criteria

A legal technique strikes a legal target. The authorized striking area of the hand (Not the inner hand) or foot must make "Clean / Controlled" contact. The referee and judge must actually see the technique strike the target. Awarding points based on the sound of the strike is not allowed. The Fighter must be looking at the point of contact when executing the technique.

All techniques must be used with "reasonable" power. Any technique that simply touches, brushes or pushes an opponent will not be scored.

If a Fighter jumps in the air to attack or defend, he must land inside (Standing Up) the Fighting Area to score following the execution of the technique, and he must keep his balance (it is no allowed to touch the floor with any part of the body except feet). If the fighter lands outside the area after the technique, he does not score.

If a fighter loses his balance due to his own instability following a score and touches the ground with any part of his body other than his feet, the score will not count.

If a fighter loses his balance following score outside his control (Pushed or tripped) then the score will stand.

Art. 5.1 Calls Referees and Judges may make (Points)

Referees and judges will decide only according to their opinions based on what they have seen. Officials cannot change the referee or judge's majority decision. If a technical error has occurred the controller of the tatamies may indicate time and consult with the officials to seek clarification. Even if a referee or judge makes a mistake, but the officials continue to have a majority decision the Observer of the Area will call the Appeal committee to review the decision. And define if a fundamental mistake in the application of the rules has been made or not. The Observer of the Area can change a referee or judge's decision only when the referee or judge made a "material mistake". A material mistake is:

- An incorrect summation of points
- If the referee gave a point to a fighter who dropped down or stepped out after receiving the point

The Chairman of Tatami Sports and the Observer of the Area should be vigilant to ensure that the Judges are doing their jobs properly. The Referee cannot award a point by himself it is by majority only.

Art. 5.1.1 Score

Arms are immediately raised to indicate the Fighter who scored. To award a score there must be a minimum of two concurring decisions by referee and judges.

If the referee and one judge show two raised arms (a point for both fighters) and other judge points to one fighter, the referee's decision must be the appropriate point for both fighters.

If the referee shows two points (kick to head) and one judge shows one point, the referee must ask the judge what he saw, a kick technique or punch technique. If judge saw a kick technique the referee will award one point to fighter, and if the judge saw a punch technique, the referee will indicate no points scored.

In situations where there are the same number of arms raised, both Fighters shall be awarded a score.

Art. 5.1.2 No Score

Arms are crossed in front of Referee or Judges at waist level, if the Referee or Judge could not see the technique strike a legal target area.

WAKO Rules of Tatami Sports / Points Fighting

If the Referee or Judge indicates a score and the other two signals they did not see, then there can be no score awarded.

If one of the Fighters does not get a minimum of two arms, no score can be awarded.

If the Referee commands STOP and issues a warning to one of the Fighters there can be no point awarded to the offending Fighter. However, the other Fighter may receive a point and may also receive a further score because of the warning to his opponent.

EXAMPLE: One of the Fighters executes a technique that merits a score, while the other Fighter violates the Rules for the second time. A score can be awarded for the first Fighter's clean and legal technique and at the same time a penalty point can be awarded for his opponent's Rule violation. Both must occur at the same exact time.

Points

Art. 5.1.3 Awarding Points

If the Referee sees an action that he considers to be a valid point, he will command STOP and immediately signal the point, as do the Judges. The Referee counts the decisions and awards the score to the appropriate Fighter. Each Judge must make an immediate decision following the command of the referee.

If one of the Judges sees an action he considers to be a valid score, he must signal to the Referee immediately who will command "STOP" and the Referee and Judge must at that time signal their point calls. In all cases, only when you have a clear majority call, can you award a point.

- Punch 1 pt
- Kick to the body 1 pt
- Foot sweep leading the opponent to touch the floor with any other part of the body apart from feet) 1 pt
- Kick to head 2 pts
- Jumping kick to body 2 pts
- Jumping kick to head 3 pts

Art. 5.1.4 Overviews awarding points

After every recognized score the command STOP will be given and an immediate vote to indicate who scored will be given by Referee & the two Judges.

The Winner will be the Fighter with the most points at the end of time.

In the case one Fighter gaining a 10 pt. Margin, he will be declared the Winner.

Other methods of winning:

- Disqualification, Exits
Expiration of Time and score
The Officials shall call for a vote to determine if the score landed before or after time expired. Time should be indicated by a soft object being thrown in to the Tatami or shouting to centre referee.
-

Art. 6. Penalty – Exits (Warning, Disqualifications and Exits)

Warnings should be given in a loud and clear voice so that both the Fighters and Coaches can hear and understand the warning. The Referee should stand facing the offending Fighter and give the warning.

To award a penalty point the Referee must first request the time to be stopped. He must face the Score Keeper and state that a penalty point is to be awarded by point to the Fighter who is to be penalized and stating in a loud, clear voice why the Fighter is being penalized.

If a fighter is attacking and because of his velocity forward steps off the mat, this is not regarded as an exit

- Commenting on referee's decisions
- Behaving in an un sportsman-like manner
- Loud commands of coach
- Coach entering Tatami in case of injury
- Deliberate Exits
-

For any violation of rules by a coach, the referee will give penalties to his fighter.

Gross and serious rules violations may be handled immediately with a penalty point or even disqualification in extreme cases. Anytime a Referee thinks that a disqualification is necessary, he shall confer with all the Judges and the Observer of the area at the event to ensure that the proper procedures are being applied. A Fighter cannot receive a Point and a warning at the same time. As per section 7.

Stopping the match (Time-out)

Only the Referee has the power to stop the match. When referee is giving warnings or a penalty (minus) point, they must stop the clock.

A Fighter may request a time-out raising his arm to check an injury or correct/fix his safety equipment. The Referee does not have to grant time-out if he feels it would be an unfair advantage or that it may in any way take away the advantage from the other Fighter, unless the request is related to a health and safety issue.

Stopping the Contest:

If for any reason the fight is stopped during the match, wherever the fight is stopped, it must restart with both competitors approximately in the same positions.

Time-Outs shall be kept to a minimum. If the Referee feels that a Fighter is using Time-Outs to rest or to prevent the other Fighter from scoring a warning shall be given for delaying the Match. Only the Observer of the Area may interrupt the Match from outside the Tatami. They shall attract the attention of the Referee who shall call Time-Out. If a Coach wishes to lodge a complaint or protest, he shall notify the Chairman of Tatami Sports. He may, if possible, handle the protest without stopping the match.

Art. 8.1 Reasons for Time-out

- Injury (See Rule on injuries and treatment)
- For the Referee to confer with Judges or Responsible of the Fighting Area
- For the Referee to converse with a Fighter or his Coach
- To ensure safety and fair play

Time-Out is not called to issue points. The Referee should do this quickly to ensure that each Fighter has the benefit of the complete Fighting time allowed for the Match.

Referees who are not proficient in administering the Match quickly and fairly, may be replaced by the WAKO Tournament Chairman of Tatami Sports.

Art. 9. Injuries

In the case of an injury to one of the Competitors, the Match shall be stopped only long enough for the Medic/Doctor to decide whether or not the injured Fighter can continue. Once the Medic/Doctor arrives in the Tatami, he shall have only two minutes to decide if the injury requires treatment. All treatment must be completed within two minutes.

If the injury is serious, it must be treated by the Medics/Doctor on duty who is the only one who can say if the Match must be terminated.

If the Match must be stopped because of injury, the Referee & the two Judges must decide:

Who caused the injury?

- Whether or not it was an intentional injury

- Whether or not it was the fault of the injured Fighter
- Whether or not the injury was caused by an illegal technique
-
- If there were no Rules violations by the uninjured Fighter, that Fighter shall win by forfeiture
- If there was a Rules violation by the uninjured Fighter, the injured Fighter wins by disqualification
- If the injured Fighter is declared fit to continue by the Medic/Doctor, then the Fight shall resume
- Procedure after KO, RSC, RSC-H, Injury

If a fighter gets injured in a fight, the doctor is the only person that can evaluate the circumstances.

If a Kickboxer remains unconscious, only the referee and the doctor in charge will be allowed to stay in the Tatami, unless the doctor needs assistance.

Art. 10. Procedure if KO, RSC, RSC-H, Injury

A Kickboxer who has been knocked out due to a head-blow during the fight, or if the referee has stopped the fight due to severe head trauma which prevents him continuing, will be examined by a doctor immediately afterwards, and accompanied to hospital by the ambulance on duty or to any other adequate place.

A Kickboxer who has been knocked out due to a head-blow during the fight, or if the referee has stopped the fight due to severe head trauma which prevents him continuing, will not be allowed to take part in another competition or bout for a period of at least 4 weeks after the KO.

A Kickboxer who has been knocked out due to a head-blow during the fight, or if the referee has stopped the fight due to severe head trauma which prevents him continuing, two times in a period of 3 months, will not be allowed to take part in another competition or bout for a period of at least 3 months after the second KO or RSC-H.

A Kickboxer who has been knocked out due to a head-blow during the fight, or if the referee has stopped the fight due to severe head trauma which prevents him continuing three consecutive times in a period of 12 months, will not be allowed to take part in a competition or a bout for a period of one year after the third KO or RSC-H.

To above mentioned quarantine periods the doctor at place can extend the quarantine period if necessary. Also doctors at hospital due to tests/scan of head can further extend the quarantine period.

A quarantine period means that a Kickboxer cannot take part in any competition in kickboxing no matter what the discipline is. The quarantine periods are "minimum period" and cannot be overruled even though a head scan shows no visible injuries.

The referee will tell the Jury and Judges to mark KO or RSC-H or RSC, when he or referee has stopped the bout due to the Kickboxers inability to resume the fight because of head blows. The same has to be reported by the Chief referee on duty in that Tatami on the fighter's WAKO SPORT PASS. This is also the official result of the fight and it cannot be overruled.

Before resuming kickboxing after a ban, as described in the above paragraphs, a Kickboxer will, after a special medical examination, have to be declared fit to take part in competition by a sports doctor.

When registered a KO or RSC-H a Kickboxer must get a CT-Scan before returning to competition.

Art. 10.1 Procedure of injuries in general

In case of injuries besides KO or RSC-H the doctor can give a minimum of quarantine period and recommend treatment at hospital.

A doctor can require immediately treatment at hospital.

If they count a draw, a toss of the coin is used to select who sends out a fighter first, with the winner selecting their fighter to enter the Tatami.
